RED DICTATORS SI!

CHRISTIAN DICTATORS NO!

How much spit will Uncle Sam's eyes hold?

Tito, Gomulka and all the other Communist dictators imprison and shoot Americans. They sneer and snarl at our polite "protests". They openly flaunt their unity with world Marxism and its criminal plans to "bury us all", -yet they manage, year after year, to get Uncle Sam to give them millions and even billions of tax-payers' dollars, because, otherwise, they arrogantly threaten to get still nastier and "join" the criminal Kremlin openly!

Castro has arrogantly set up missile bases for militant Communism only 90 miles away from our heart-land in America! He insults and accuses us unmercifully, and makes no secret of his plots in the other Latin American nations.

This beatnik dictator is a HELPLESS and ridiculous PHONEY! He hasn't got the armed forces to fight our Combined Coast Guard and Boy Scouts! And the Soviet Union, his patron, is not so stupid it would start World War III over this wretched musical-comedy emperor. Yet poor, patient, pitiful Uncle Sam tolerates unheard-of provocations from him, and even welcomed the crumb to the whole U.S.A. for a gala visit!

Tito has been working the same game for years, long before Castro. He has gotten huge sums of our money, and tons of our military equipment, -all the while imprisoning Americans, torturing them and shooting down our unarmed planes when they got lost near his "democratic" armed criminals.

Now, ordinarily, red-blooded Americans should, or rather would be ready for revolution before they would permit their government to continue this pusilanimous and disgusting crawling before the feet of these Communist dictators one more moment. Teddy Roosevelt, who risked his own life once to help pacify this same Cuba, would doubtless jump out of his grave with a cutlass and charge back up San Juan Hill, if he could know to what a disgraceful pass his victory has been brought by our "leaders" of today!

But our people have been so unmercifully and fiendishly BRAINWASHED by their "liberal" TV, their "liberal" newspapers, their "liberal" movies, 'liberal" magazines, etc, that they are SICK. And, worst of all, the disease is CHRONIC, not acute. The malady has crept up on us, -we have been poisoned so slowly and cunningly that the patient, doddering old Uncle Sap, does not realize he is sick. Worst of all, the murderous poisoners have gotten the poor old duffer convinced that the doctor is his mortal enemy, -and the only remedy, -right-wing "extremism", -is poison!

For this reason we are GLAD that Mr. Castro is spitting in Uncle Sam's eyes with ever increasing venom. For the same reason, we are glad that Mr. Kennedy, Khruschev's choice, won the "election" as we predicted, and is now, again as we predicted, going at our American Republic and our White Race with sledge hammers and crow-bars. Our people are fearfully, unbelievably SICK, and the worst part of their chronic sickness is their feverish delusion that the sickness is health. The sooner they get a real good seizure of deadly pains from the overdose of Marxist poison, the sooner they will rise up and throw out the false Jew and "liberal" "doctors" with their "tolerance" and "brotherhood" poisons.

Kennedy and his crew were pretty cute with their "loused-up invasion" of Cuba. They simply COULDN'T get away any more with the pose that Castro was a wonderful "man-of-the-people" and a "democratic reformer" when he began shooting people wholesale, including many Americans. So the administration had to give the impression that they were "doing something about it".

What they SHOULD have done - what any Nation with any self-respect would have done,would have been to send in our Marines and make a quick end of the bearded fake down there.

Instead, they made a most damaging "mistake", as usual in such cases, and "interfered" with a Latin American nation in the clumsiest possible fashion, by "training" an "invasion" force here on our soil - an act which could not fail to make the best kind of anti-American propaganda for the South

American Marxist termites.

And then good old Red-lie Stevenson, the super-darling of the Jews, calls up poor, bumbling Jack just before the "invasion", and gets him to withdraw air-support so that Castro is able to make more great propaganda for the Marxist myth of invincibility by "defeating" the American-backed forces of invasion.

And the American people swallow all this and discuss it solemnly as if it were a genuine political issue.

But the dispatch of the American Fleet to the Dominican Republic INSTANTLY - when it looked for a moment as if the plans for a new "reformer" down there (like Castro) would be upset by the return of a CHRISTIAN dictatorship - was a delightful shock for the sick Americans who believe all the liberal line about tolerance and brotherhood. Those U.S. Navy carriers and cruisers, which I once helped to man for so long, were not off Santo Domingo to dispense any "brotherhood" or "peace" or "tolerance". They were there to ENFORCE the will of international MARXISM that CHRISTIAN or non-Communist dictatorships must be driven out and replaced by "democratic reformers", who always, somehow, turn out to be Communists. (Witness China and Cuba, where these clever "reformers" completely fooled our poor, bumbling, blind CIA, our State Department, and the ubiquitous Herbert Matthews of the New York Times.

The long line of Christian dictators and leaders who have been mercilessly hounded and driven out while "democratic reformers" (who turn out to be Communists) are helped into power, is beginning to be OBVIOUS, at last, - thank God!

It started with Franco, who beat the Marxist church-burners and nun-rapers, with the aid of the awful Mussolini and Hitler. For this, Franco was excluded from the U.N., damned unmercifully and plotted against endlessly, until the threat of the Communists became so deadly our State and Defense Departments could no longer hide the need for bases in an ANTI-Communist Country as strategically situated as Spain. Then Catholic Peron had to go, along with Jiminez, and they were replaced, strangely enough, with the usual "democratic"-type government in which Marxists can grow and flourish like toadstools in a warm dung-heap.

In Panama, which was bought by the USA fair and square, and developed into a livable place with US blood and sweat, the Marxists raised hell until they could fly their pinko rag on U.S. territory, and our feeble government couldn't resist these "powerful forces" down there. Nation after nation in South America has gone super-leftist or Communist, and the U.S. fleet has NEVER been dispatched in an open threat of naked intervention to stop these red seizures in our Hemisphere.

But the moment their time-table for the red "reform" of the Dominican Republic is in the slightest danger, there is no more talk of peace and brotherhood and tolerance - they send carriers and cruisers immediately, and the Christians and pro-Americans have to flee for their very lives.

Only two weeks ago, in our last newsletter, we predicted exactly what would happen down there, and the creeps in the White House and the State Department are obligingly providing us with proof of our understanding and leadership.

Batista was pro-American and Christian - so they got rid of him - with Castro.

Franco is pro-American and Christian - so they are working ceaselessly to discredit and ruin him - and I believe they will accomplish it as the old man becomes weaker and less determined.

Jiminez is gone, and Communism is rampant in Venezuela.

Trujillo is gone, and, except for the momentary threat of the return of a Christian and pro-American dictatorship which never did us any harm, the red rates are now running wild in the streets down there yelling "Free by Christmas!" - which, of course, means RED by Christmas.

And all this is good.

When a man is dying of a CHRONIC disease, and won't go to the doctor, there is nothing like an acute and PAINFUL attack to get him to take his medicine at last.

Marxism, race-mixing, pacifism, pornography and the rest of the "liberal" shelf of "nice" poisons are KILLING our White Christian American Republic and making decadent, confused, beatnik boobs out of our unhappy American people. And they have been brainwashed until they love their disease and hate the doctor. No words or preaching on earth will ever get them to swallow the bitter medicine of the TRUTH, until they are close to the point of death itself. That point is dangerously close, but still not close enough so that the boobs can FEEL it.

For this reason, we are GLAD that Kennedy got elected, GLAD that he is appointing Jews and

Negroes to be our masters in unprecedented numbers, GLAD that he is sending his "freedom riders" into the South, GLAD that he is still "negotiating" with the Soviet criminals, and GLAD that he has openly used the threat of force against the possibility of Christian dominance in the Dominican Republic, while he babies and treats with the criminal Castro.

There is only one more president they are getting ready for us who will be still WORSE than Kennedy, and we will be glad of that too. We will expose this vicious plan in our next ROCKWELL REPORT. The next president - another "Eisenhower" who will "save" us from "statism" and "liberalism", just like Ike "saved" us, is now unstoppable, because of the utter and fantastic stupidity and cowardice of the right-wing. And this, too, is good. The right wing will never give up its perennial dream of easy-victory until it has been sold out once more by a phony "Republican", so we can't wait for the sell-out and catastrophe.

We want the patient cured and ALIVE, not doped up with sugary nostrums and wish-pills. So we want him SICK ENOUGH TO LOOK THE CASTOR OIL IN THE FACE - as they had to do at last in Germany, Spain, Italy and every other nation where Communism has been WHIPPED.

The dispatch of the U.S. fleet to the Dominican Republic to stop Christian pro-Americans, while every two-bit Communist dictator spits in our eyes, ought to give quite a few Americans who voted for "Catholic" Kennedy some pretty severe cramps in their political tummies.

Keep it up, Jack! You're doing GREAT! Maybe you'll help us make it BEFORE '72!

Rockwell Report strikes a nerve!

Our last ROCKWELL REPORT, -the open letter to Robert Welch and General Walker, hit both left and right wings right between the eyes.

From all over the world have come commendations and requests for reprints, and Newsweek, which has just been purchased by Eugene Meyer's Washington Post, blasted all us nasty hate-people for being in cahoots, which, -unfortunately, we are not. We ought to be, and we will be soon, but the "nice" hate-people will still try to pretend for yet a while longer that we are too vile for words, etc etc.

Nevertheless, we intend to get our oar into the water and pull the boat a bit, no matter how our fellow oarsmen hold their noses and draw up their garments daintily as we approach. (To mix a few metaphors; -perhaps I shall have Mr. Buckley rewrite my stuff with a little more literary polish when things have progressed a bit more.)

General Walker now holds the cards for a major victory, perhaps the decisive one. But, as I told Newsweek, he will probably fail to MOVE IN, as he should, and will flub his chance.

MacArthur did it, and so have all the rest of our possible leaders. When the enemy starts to run, THAT is the time to let go with ALL YOU'VE GOT. If you DON'T, the enemy inevitably RE-GROUPS, regains his morale and aggressive spirit, -and your chance for a real rout is lost.

Walker's chance was LAST WEEK, not even today or next week, -but while the enemy was reeling so badly they had to call out both ex-presidents and the President himself to keep their red, pink and black troops in the field.

It is still not too late, IF THE GENERAL WILL TAKE POSITIVE, FORCEFUL ACTION!

He should call a National Convention somewhere in the center of the Country, not just for "nice" patriots, but EVERY patriot who loves this American Republic and our White Race. He should publicly call on Lindbergh, MacArthur and all the Generals and Admirals who have finally become alert to our perilous national situation.

They would come in droves. Nothing could stop them if the job is done with the kind of public relations skill used by our mortal enemies, the kind of skill WE USE all the time, and the kind we shall soon enough demonstrate when the others fail for a year or so more.

Such a convention would generate a flaming spirit of revival in our people as would make possible the organization of a real FIGHT against the traitors and subverters. At the conclusion of a few days of "emotional engineering", as the Jews call their effective techniques of mass manipulation, the General should issue a ringing manifesto in the name of the American people, demanding not only the impeachment of such swine as Warren, but their public execution after trials and convictions as traitors.

The people, -the common ordinary Americans, -the truck-drivers, carpenters, plumbers, store-clerks, etc, --are sick to DEATH of kikes, coons, communists and queers, --and even sick-

er of "nice" methods of dealing with them. That is why WE survive and cannot help winning eventually.

If General Walker were not timid or "nice" about his attack, nor too lady-like about the troops behind him, he could mobilize the huge White Christian Majority of this perishing land, --including us. I am not crazy to be any "feuhrer" as the Jews never tire of screaming, but am only doing my best to do what must be done when no one else seems to be willing or able to do it. If the General, whose very face seems to embody the masculine leadership for which our Nation longs, would LEAD, --I would follow, along with millions who now secretly follow me.

But I am not so naive as to believe in any such improbable miracle.

The General will not do any more than MacArthur, McCarthy or the other men who could have won, had they gone over to all-out ATTACK, when they had the enemy on the run, instead of being "nice" , --always, tragically, "nice".

The General has, encouragingly, stated that the Birch Society is "naive" on the subject of Communism. "Cowardly" would have been a more precise word. I know most of the Birch-type characters, and they dread being tossed into jails and insane asylums, etc, like us. Especially they dread losing their two cars, suburban palace, etc. So they are "nice" and never mention the arrogant, obnoxious, treasonable JEWS who are the source of most of our Communist, Zionist and race-mixing troubles. I presume this is what the general meant by his remark, -although, tragically, he could also mean that the John Birch Society comes on too strong with anti-Communism. (God forbid!)

Walker will most probably either set up his own organization, or ally himself with one of the present organizations. But in any case, it will unhappily be NICE, -horribly, disgustingly, agonizingly NICE!

The proliferating "nice" right-wing organizations will attract the same bourgeois class of "nice" people who have been preaching and believing that "the truth will make us free", for lo these fifty years while the Jews have been piping our people into slavery and degradation with their superb EMOTIONAL engineering.

The General, I have no doubt, will gasp in horror at the thought of an all-out EMOTIONAL pitch to our people, and will confine himself to a "nice" and dignified recital of FACTS, which will never, never reach or move the HEARTS of our brain-washed masses. He will preach reactionary capitalism, duck the race question, praise the sly Jews, and set himself up for God's Chosen Crooks to knock down as a "fascist" would-be tyrant.

And they will duly knock him down. He will be asking for it.

And that will leave us once more right where we were before Walker; -America's leaderless masses going by default to the aggressive, UN-nice Jews and their arrogant liberal tools.

Which, in turn, will put us one step closer to that leadership and the power to hang and gas the swarming human rats who are, unfortunately, anything but "nice".

The celestial scenariast who wrote the script in Germany, Italy, Japan and Spain apparently finds little to revise in his plot. The Jews come along with their "brotherhood", Marxism, liberalism and all the rest, -but most of all with their TERRORISM against all who oppose them. Long after the masses of people are sick of the results, the would-be "leaders" keep trying to TALK these villains out of power, and persist in trying to be nice, while the Jews and their crew are gouging eye-balls, kicking groins and shoving their knives into our backs.

When this has gone on long enough, finally from out of the people itself comes an unknown man to do what the great men have failed to do, in their eagerness to be " nice".

It is unfortunately happening HERE, and General Walker shows no signs that he will do any differently than his counterparts in Germany, Italy and other places where Communism almost won. I hope I am wrong. But I haven't been, yet.

"THIS TIME THE WORLD" SOLD OUT !

We are happy to report that the entire first edition of "THIS TIME THE WORLD!" is sold out BEFORE PUBLICATION, --and in spite of everything the enemy could do to prevent it!

They ran one publisher entirely out of business for trying to put out the book, and terrorized so many others that we finally had to PRINT IT OURSELVES for Parliament House, in New York!!

I myself set up the type galleys, did all the lithographic photography, made the half-tones, made the plates, and actually printed it! I have put in twelve and fourteen hour-days, every day now for two months, including Sundays and Thanksgiving. But it has been worth it!

In spite of the utmost effort of the Jews, bookshops are getting inquiries, and have ordered more

books than are available. And the book itself will, we are sure, have a smashing impact on our Nation and the world. It contains over 200 photographs and illustrations, and exposes of men and movements so sensational that NOTHING can keep the book under the counters for long.

We are grateful to the patriots who had the faith to order and pay for the book in advance, and are happy we will be able to ship their rare and autographed copies in the next two weeks or so. We know they will be well rewarded when they see the book itself.

It is still impossible to produce the book by regular channels, but we are nevertheless getting ready a second printing, which, we hope, will be ready by about the middle of February. Indications are that this edition, too, will be sold out before we can deliver it, so we urge those who want a copy of "THIS TIME THE WORLD!" to order it NOW!

Second Edition $10.00

TOP-SECRET German Report!

For three years we have been doing everything we could think of to find out the REAL situation of Nazi-ism in Germany today. We have, of course, many correspondants and followers in the holy land of the origin of our faith, but, with the brutal persecution of all National Socialists, it was difficult or impossible to obtain an accurate and literate analysis of the situation in Germany. Many of those who corresponded with us have just "disappeared", in spite of every effort we could make to safeguard their identity. Others, we are sure, were "plants". And it is understandable that millions of good German National Socialists would suspect that WE are plants, so that they will not yet have anything to do with us.

In spite of all this, we have at last been successful in getting out of Germany a long, detailed and obviously accurate analysis of the situation of National Socialism sixteen years after it was "killed" and the body beaten to death several times over.

As Sevitri Devi has pointed out in her inspiring book, "Gold In The Furnace", the long and terrible years of unspeakable persecution and atrocities by the lovers of peace and democracy have sweated off all the lead of National Socialism, The hard bright gold only, is left.

But it is immensely reassuring to know that more than a million HARD CORE Nazis are rising to positions of influence and power, in spite of all the enemy can do to stop it, by the simple law of Nature that the elite CANNOT be kept down forever except by utter extermination. Tens of thousands of NAZIS profess "democracy", "liberalism", and even Marxism, --anything, as demanded by the believers in "freedom", -just so they can survive and gain strength. The foul, disgusting rubber-balloon "Germans" being propped up by both the Capitalist-Zionists of the West and the Communist Jews of the East, as "leaders", are surrounded by REAL WHITE MEN! And the Communist-Zionist-race-mixing Jews of the entire Earth are shivering in terror as they watch the "body" they have beaten to death and buried so many times RISING UP and preparing for righteous and well-earned REVENGE!

This report is being reprinted by us, and will be made available on a confidential basis ONLY to those of whose identity we are sure. It consists of seventeen pages of detailed analysis, single spaced. If you want one, you MUST identify yourself to our satisfaction, and forward $1.00 to cover the costs of printing and preparing the pamphlet. The Jews would break their necks to get this deadly document, and they have been getting too much of our stuff through "front" addresses. THIS ONE they WON'T get.

The GOODS on Goldwater!

The next issue of the ROCKWELL REPORT will be the most sensational yet. Entitled "The Most Dangerous Man in America", it will reveal the engineering feat by which the Jews have not only taken over the Democrat and Republican parties, completely mastered the "liberals" on both sides, but have now become the "leaders" of the CONSERVATIVES!

We have the damning FACTS behind the engineered "rise" of Barry Goldwater, who was rocketed to "leadership" of the right by a man who was schooled in Moscow and who NOW dominates the administration!

It has taken us months of research and analysis to assemble all the pieces and facts in the incredible picture, but they are at last ready, and we defy any "conservative", -like Buckley or Taylor Caldwell, -who is always writing us voluminous and venomous letters, -to step forth and disprove the accuracy or cogency of our study of how they, along with the rest of the right-wing, -are being led down the garden-path AGAIN, --as they have been time after time, by the phonies like IKE.

Don't miss this next issue of the ROCKWELL REPORT, which will shake up the political world, no matter how everybody tries to cover it up and ignore it. We've GOT THE GOODS ON GOLD-WATER and his manipulators, -and we intend to spread them all out where the world can see how the Jews are getting ready to pull another IKE on the Republicans again, --this time with the whole wide-eyed pack of innocent "conservatives" fighting with each other to help install the new JEWISH IKE in power!
